

## Keynote Speaker

### **Bryan D. Choi, M.D., Ph.D.**

Cellular Immunotherapy Program, Cancer Center,  
Department of Neurosurgery,  
Massachusetts General Hospital and  
Harvard Medical School, Boston, MA, USA

## Tackling Heterogeneity in Glioblastoma with CAR T cells

Dr. Bryan D. Choi, MD, PhD, is a Clinical Fellow in Neurosurgery at the Massachusetts General Hospital and Harvard Medical School where he also completed a postdoctoral fellowship in the Cellular Immunotherapy Program with Dr. Marcela V. Maus. Previously, he trained under the mentorship of Dr. John H. Sampson in the Duke University Brain Tumor Immunotherapy Program. His primary interest is in the development of T-cell therapies and drug delivery to benign and malignant tumors of the brain.
